An insider's look at Turkey

Dr. Cigdem Capan

Our February meeting will feature Dr. Cigdem Capan, who was born and grew up in Turkey; she will give a talk titled "Turkey: A bridge between the East and the West?" She will overview the culture and history of her home country in an effort to understand the barriers to its integration into Europe and its geopolitical interests at times conflicting with Europe and the USA.

After completing a Ph.D. in physics in France she moved to the US in 2002. She has worked as a

researcher at Los Alamos National Laboratory, Louisiana State University and University of California Irvine. She currently holds a joint appointment between WSU and PNNL where she is involved in Nuclear Magnetic Resonance Spectroscopy of actinide materials in addition to teaching algebra, trigonometry, and calculus at WSU.

Our meeting will be on February 18 at the Clover Island Inn. The January menu received rave reviews, so we will repeat the "Taste of Italy" buffet. Reservations to Bob Allen by Thursday, February 13.
